SEA/AW/da/Salters' Festivals 2019

1st March 2019

Dear Parent/Carer

Your child has been selected by the academy to take part in Salters' Festivals of Chemistry at Birmingham University on **Wednesday 3rd April**.

The event provides an opportunity to enhance science skills, to take part in two practical sessions and compete with other pupils. Both activities involve low hazard chemicals and apparatus. The activities will be supervised by laboratory staff, lecturers, post graduates and technicians at all times, and there are few risks to pupils as long as they follow instructions.

Pupils will leave the academy at 8.30am and travel to Birmingham University in the academy minibus accompanied by Dr Wilkes and Mr Hughes. The festival will finish at 3.00pm and we therefore expect to arrive back at the academy for approximately 4.00pm. We therefore ask that you make suitable arrangements for your child to return home.

Pupils should wear academy uniform and bring a packed lunch. Pupils entitled to free school meals will have a packed lunch provided. Pupils will be allowed an hour free time during lunch but are to remain in the Science Area of the university and must not leave the building.

Please complete the attached consent form and return to Dr Wilkes by Wednesday 20th March 2019.

Yours sincerely

A handwritten signature in black ink, appearing to read 'A Seager'.
