Dear Parents

Speech & Language Therapy Support in Bloxwich Academy School

Bloxwich Academy School is currently funding extra support from Walsall Healthcare NHS Trust Speech & Language Therapy Service to enhance the work we do regarding developing children's communication skills.

I am writing to inform you that whilst this extra support is being funded your child may be seen in school by the Speech and Language Therapist or a student therapist under her supervision. This may be individually, in a group or when the therapist observes a class to provide staff with advice and training.

If we feel additional specific support and advice for your child's communication skills would be beneficial, we will talk to you about this, and with your consent we will refer your child into Walsall Healthcare NHS Trust's Speech and Language Therapy Service.

If your child is already currently under the care of a Speech and Language Therapist please continue to attend their sessions. The support in school is in addition to any other Speech & Language Therapy sessions that are recommended.

If you have any questions or concerns you wish to discuss with me, please do not hesitate to contact me.

If you do not wish to your child being involved in the above please discuss this with your school SENCO.

Yours sincerely

Kimberley Wickins
Speech and Language Therapist
