

Edible Broomsticks

Ingredients

(Serves 2 people)

Thin breadsticks (grissini torinesi)

String cheese

Hummus

Method

1. Cut the string cheese in half.
2. Peel the cheese into lots of thin fibres.
3. Snap the breadstick in half.
4. Dip one end of the breadstick into the hummus.
5. To make a broom, arrange the cheese fibres at the hummus end of the breadstick. The hummus will help secure the cheese to the breadstick. Once complete, secure in place by tying one of the cheese fibres around rest of the cheese and breadstick.
