Dear Parent/Carer

**Year 5 have an incredible experience coming up on October 10<sup>th</sup>; Wonderdome are coming to visit!**

Wonderdome is a mobile planetarium provider that delivers awesome astronomical shows to children across the country. Inside a giant inflatable dome, there is specialised visual and audio equipment which projects onto the inside of the planetarium giving a 360-degree experience which is totally immersive. The environment created by the dome is completely dark and submerges the visitor into a wonderful experience of the universe!

Year 5 will kick-start their fascinating project of Earth and Space with exciting, immersive and interactive shows about space. This is an incredible way to learn about the wonders of astronomy due to the unique environment the dome creates. All sessions are led by presenters who are passionate about space and will happily pause the show to answer questions from the learners.

Mr. Dick, Miss Jones and Mrs. Boswell cannot wait to introduce our young astronomers and potential future astronauts to the topic of Earth and Space on Monday October 10<sup>th</sup>. As the experience will take place during the school day, there is nothing additional your child needs to prepare prior to the visit.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'S Shepherd'.

Ms. S. Shepherd  
Headteacher
