Bloxwich Academy
'Be The Best You Can Be'

Dear Parents/Carers,

As you are aware, at Bloxwich Academy Primary, we utilise the Cornerstones Curriculum to impart and embed learning through fun and stimulating themes. We are excited to inform you about the upcoming memorable experience day that we have planned for **Year 2** children in September to kick off their new history topic, "**Movers and Shakers**."

On **Tuesday 5th September**, we will fill the day with immersive experiences which will revolve around the fascinating theme of space and aliens, aiming to ignite your child's curiosity and deepen their understanding of historical figures and significant events.

During this thrilling day, the children will embark on an intergalactic adventure, exploring the vast wonders of space. They will learn about the planets and moons that make up our solar system and engage in interactive activities such as designing rockets and space helmets.

One of the highlights of the day will be our discussions on significant figures from history, with a focus on the legendary Neil Armstrong and the historic Moon Mission. The children will have the opportunity to learn about Armstrong's remarkable journey and the monumental achievements of the Apollo 11 mission.

To enhance the excitement and create a truly immersive experience, we kindly request that children come dressed in space-themed outfits. We certainly do not expect parents to spend any money on this request, and would love you to get creative with what you have around the home. Tin foil, old tubing, clothes that can be repurposed for the activity; we cannot wait to see your creations!

We really hope that our first WOW day will ignite their imaginations and will be a memorable event for everyone involved.

Yours sincerely,

Ms S Shepherd
