14th November 2023

Bloxwich Academy
'Be The Best You Can Be'

Dear Parents/Carers,

As you know, Maths is one of the key concepts of a child's Primary education. It introduces children to skills and thinking strategies that are essential to everyday life and supports learning within other subjects across the curriculum. It helps children make sense of the numbers, patterns and shapes they see in the world around them, and makes a vital contribution to their development as successful learners.

We want to work with parents to ensure that our children are given every possible opportunity to embed and utilise the maths they learn in school to the outside world.

On **Thursday 23rd November at 9am**, the year 6 team (Mrs Thistlethwaite, Miss Hughes and Miss Fegan) will be inviting parents in to join one of our maths lessons.

The lessons will be held in the year 6 classrooms and KS2 hall (depending on numbers) and entrance will be via the main reception. Unfortunately, due to space, we are only able to allow entry to one parent per family.

Please return the slip if you would like to attend by **Friday 17th November**. We look forward to seeing you there!

Yours sincerely,

Ms S. Shepherd
Headteacher

Year 6 Maths Lesson

Child's Name: _____ Class: _____

I have read and fully understand the activity and would like to attend the maths lesson.
