'Be The Best You Can Be'

Dear Parents/Carers,

We are excited to announce an incredible opportunity for our Year 6 pupils during the upcoming Easter holidays - an "Apprentice" week! This week-long event from the **25th March- 28th March** starting at **9am-1pm**, will provide a unique and engaging experience for your child to unleash their creativity, teamwork skills, and entrepreneurial spirit.

During the "Apprentice" week, your child will have the chance to work in teams and tackle various tasks aimed at building their own product from start to finish. These tasks will include:

1. **Creating Advertisements:** Your child will have the opportunity to flex their creative muscles by designing adverts to promote their product.
2. **Designing a Project:** They will work collaboratively to come up with a project idea that they believe in and want to bring to life.
3. **Cost Analysis:** Your child will learn about budgeting and financial planning as they work out the costs associated with their project.
4. **3D Designing the Prototype:** Using innovative technology, they will bring their project to life by designing a 3D prototype.

At the end of the week, the culmination of their hard work will be realised as their product is printed for them to take home and showcase to you.

This "Apprentice" week is not only a fantastic opportunity for your child to immerse themselves in the world of business and entrepreneurship but also a chance for them to develop invaluable skills such as teamwork, problem-solving, and creative thinking.

To ensure your child can participate in this exciting event, please fill in the attached form with the letter and return it to your child's teacher by 20th March.

We look forward to seeing your child rise to the challenge and embrace the opportunity to become directors of their own business ventures!

Yours sincerely

Ms S. Shepherd

THE APPRENTICE

Bloxwich Edition

Have you ever wanted to be the director of a business? Ever wondered what it would be like to be in control? Well, this is your chance to use your creativity and imagination and rise-up to the challenge.

During the easter holidays, we're inviting you in to take part in our 'Apprentice' week. Throughout the week, you will be working in teams and be given different tasks to build your own product. This will include creating adverts, designing a project, working out the costs and finally 3D designing your prototype. At the end of the week, your product will be printed for you to take home. What more can you ask for?

To take part in this amazing opportunity, get your parent or carer to fill in the form that is attached and return it to your teacher by Wednesday 20th March.
