Pupil premium strategy – Bloxwich Academy Primary

School overview

Detail	Data
Number of pupils in school	443
Proportion (%) of pupil premium eligible pupils	60%
Academic year/years that our current pupil premium strategy plan covers (3-year plans are recommended – you must still publish an updated statement each academic year)	2023-2026
Date this statement was published	November 2024
Date on which it will be reviewed	November 2025
Statement authorised by	Sue Shepherd
Pupil premium lead	Sue Shepherd
Governor / Trustee lead	Lynsey Draycott

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£356,680.00
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Recovery premium funding allocation this academic year	£0
Total budget for this academic year	£356,680.00
If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	

Part A: Pupil premium strategy plan

Statement of intent

Statement of Intent

At Bloxwich Academy Primary School, when deciding how to use Pupil Premium funding, we carefully consider the school's context and the specific challenges our pupils face. Research conducted by the Education Endowment Foundation (EEF) identifies common barriers to learning for disadvantaged children, such as less support at home, weak language and communication skills, lower confidence, more frequent behavioural issues, and challenges with attendance and punctuality. Complex family situations may also hinder children's ability to thrive. Since each child's circumstances are unique, there is no "one size fits all" approach.

We involve all teaching staff in analysing data and identifying pupils who need additional support. This ensures that staff are fully aware of the strengths and areas for development across the school, enabling us to provide targeted support where it is needed most.

Our Pupil Premium strategy is based on key principles drawn from research and our experience:

- We ensure that teaching and learning opportunities meet the needs of all pupils.
- We make appropriate provisions for pupils who belong to vulnerable groups, ensuring that the needs of socially disadvantaged pupils are carefully assessed and addressed.
- We recognise that not all pupils who receive free school meals are socially disadvantaged, and similarly, not all socially disadvantaged pupils are registered for free school meals.
- We reserve the right to allocate Pupil Premium funding to support any pupil, or group of pupils, identified as being socially disadvantaged.
- Pupil Premium funding is allocated following a thorough needs analysis, prioritizing classes, groups, or individuals with the most urgent needs. Due to limited funding, not all pupils receiving free school meals will receive Pupil Premium interventions at all times.
- A tiered approach to spending helps us balance strategies for improving teaching, providing targeted academic support, and addressing wider needs.
- School leaders focus on a small number of priorities each year, choosing those likely to make the greatest impact, and ensuring effective implementation.
- The chosen approaches are grounded in strong external evidence, alongside the school's expert knowledge of its pupils, to inform decision-making.

We aim for our disadvantaged pupils, including those with Special Educational Needs and Disabilities (SEND), to make expected progress in reading, writing, and mathematics through high-quality teaching and targeted interventions. Our goal is to ensure these pupils have access to a broad range of support in school to address their individual needs.

To improve attendance and close the gap between disadvantaged and non-disadvantaged pupils, we provide intensive pastoral support for both pupils and parents. By doing so, we enable all pupils to fully engage with their learning experiences at Bloxwich Academy Primary School.

We are also committed to enriching the lives of our disadvantaged pupils through a variety of experiences, both in and out of school. By offering these opportunities, we aim to boost pupils' self-esteem and well-being, which in turn supports their academic achievement.

Bloxwich Academy Primary is a two-form entry community school with 443 pupils, located in the Beechdale/Leamore area of Walsall. The school sits within one of the most deprived areas in the country, as identified by the 2021 IDACI scores. Walsall ranks among the most deprived local authorities in England, with significant challenges in areas such as health and crime.

Despite these challenges, we believe in the potential of all our pupils. We are committed to providing each child with an environment that allows them to thrive. Recognising that every child is unique, we aim to support them through our Pupil Premium Strategy, helping them to "Be the Best They Can Be."

Our Goals and Approach

Our intention is for all pupils, regardless of their background or the challenges they face, to make good progress and achieve highly across all subjects. The focus of our Pupil Premium strategy is to support disadvantaged pupils in reaching this goal, including ensuring progress for all learners.

The EEF highlights that high-quality teaching is the most powerful tool schools have to improve pupil attainment. Therefore, our approach centres on providing all pupils, especially those who are disadvantaged, with the highest quality teaching. This includes the explicit teaching of cognitive and metacognitive strategies, such as scaffolding, flexible grouping, and direct instruction, which are integral to high-quality teaching.

The ultimate goal is to close the attainment gap between disadvantaged and non-disadvantaged pupils. Through quality first teaching and targeted interventions, we aim for accelerated progress for disadvantaged pupils so that their attainment remains in line with their peers.

Ensuring Effective Implementation

Our strategy is carefully crafted to address the challenges our disadvantaged pupils face, drawing on robust assessment and proven research. To ensure its success, we commit to the following:

- Ensuring that all disadvantaged pupils receive high-quality teaching that challenges and engages them in all subjects.
- Ensuring that teachers are aware of the disadvantaged pupils in their classes and provide timely, targeted support when needed.
- Meeting the social, emotional, and mental health needs of disadvantaged pupils, ensuring they are ready and able to learn.
- Adopting a whole-school approach where all staff take responsibility for the outcomes
 of disadvantaged pupils, raising expectations and aspirations for their achievements.

At Bloxwich Academy Primary, we are dedicated to providing the best possible support for our disadvantaged pupils, enabling them to achieve their full potential and preparing them for a bright future.

Achieving These Objectives

The range of provision, as a trust, that we consider making for this group include the following:

Achieving These Objectives

To ensure our disadvantaged pupils receive the best possible support and achieve their full potential, we use a range of provisions that are tailored to meet the specific needs of our pupils. As a trust, we consider the following strategies to support our pupils and address the challenges they face:

- Reducing class sizes, improving opportunities for high-quality, effective teaching that accelerates progress for all pupils.
- Allocating a 'Catch-Up/Booster' teacher to each year group, providing targeted small group work with an experienced teacher focused on addressing gaps in learning.
- Increasing leadership capacity to offer comprehensive support to all stakeholders, enabling early interventions for pupils and families, particularly in relation to attendance, behaviour, and emotional well-being.
- **One-to-one support**, ensuring personalised attention for pupils who require additional guidance and intervention.
- **Rewards and incentives to improve attendance**, ensuring consistent engagement and rewarding pupils for sustained improvement.
- **Use of school-led tutors**, offering targeted academic support to pupils who need extra help to catch up or exceed expectations.
- Additional teaching and learning opportunities through trained TAs, ensuring that pupils receive continued support both in the classroom and through tailored interventions.
- Targeting support to able pupils on Free School Meals, ensuring they meet or exceed Age-Related Expectations (ARE) by providing enriched learning experiences.
- **Supporting transitions**, whether from primary to secondary, within the school, or into the Early Years Foundation Stage (EYFS), to ensure smooth progressions and minimize any disruption to learning.
- Paying for educational visits, extracurricular activities and subsidising residential trips, giving all pupils the opportunity to benefit from first hand experiences that enhance their learning and personal development.
- Providing additional learning support, including small group interventions and specialized instruction, to ensure that pupils achieve age-related expectations across the curriculum.
- **Funding specialist learning software**, helping to address specific learning needs and support the development of key skills, particularly in literacy and numeracy.
- **Extending PE provision**, ensuring that pupils benefit from a wide range of physical activities that promote health, teamwork, and resilience.
- Offering musical opportunities, such as learning a musical instrument or participating in the school choir, to promote cultural development and self-expression.
- Providing behaviour and nurture support during lunchtimes, through engaging activities
 that reinforce Bloxwich Academy's core values and foster a positive learning environment.
- **Subsidising catch-up programmes**, allowing for additional interventions and support to help pupils close learning gaps.
- **Utilising detailed assessment tools**, enabling in-depth analysis of pupil performance, identifying gaps, and informing targeted interventions that are data-driven and precise.

In addition to the above, we also:

- Embed social, emotional, and mental health (SEMH) strategies, ensuring that disadvantaged pupils have access to pastoral care and emotional support to help them succeed academically and personally.
- Provide parental engagement initiatives, such as workshops and support networks, to strengthen home-school collaboration and enhance the educational outcomes of disadvantaged pupils.
- Offer career and future aspirations guidance, ensuring that pupils are equipped with the knowledge and skills they need to plan their future pathways with confidence.

All of our work through the Pupil Premium is aimed at accelerating progress and moving children to at least age-related expectations (ARE). Our approach is flexible, adapting to the changing needs of our disadvantaged pupils throughout the academic year, ensuring that we respond swiftly and effectively to emerging challenges.

This list is not exhaustive and will evolve as the needs of our pupils evolve. We remain committed to providing bespoke support that ensures every pupil has the opportunity to succeed and thrive.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Weak Language and Communication skills - We know that children enter our feeder nursery and reception with significant speech deficit. Children subsequently enter KS1 and KS2 with below national average skills. In general, these are more prevalent among our disadvantaged pupils than their peers. Vocabulary development is key to ensuring that children are able to understand and acquire the knowledge and skills needed to meet curriculum demands and future learning. Assessments, observations, and discussions with pupils indicate underdeveloped oral language skills and vocabulary gaps among many disadvantaged pupils. These are evident from Nursery/Reception through to KS2 and, in general, are more prevalent among our disadvantaged pupils than their peers.
2	Low attainment on entry to the Early Years Foundation Stage in all areas – All pupils - Most pupils have not yet fully developed the characteristics of school readiness (self-regulation, sensory processing, receptive language, expressive language, articulation, executive functioning, emotional development, social skills and planning/sequencing). This is more prevalent among our disadvantaged pupils. Some pupils require a high level of intervention such as prolonged transition, support plans and multi-agency support.

3	Pupils lack independence, resilience and confidence to access learning.
4	Attendance and Punctuality issues Our attendance is below national standards. We have a higher than national average for persistent absence. Our data, indicates that attendance among disadvantaged pupils is lower than for non-disadvantaged pupils. Persistent absence for this group is also higher.
	We are keen to improve attendance for vulnerable children in order to close the attendance gap. Some pupils have poor attendance for varying reasons e.g. health issues, which impacts upon attainment. Our attendance data over the last year indicates that attendance among disadvantaged pupils has been 1.2% lower than for non-disadvantaged pupils with persistent absence.
5	More frequent behaviour difficulties – due to external factors such as socio-economical and family related matters.
6	Chaotic family lives and high involvement with Children Services & Social Service – lots of families are involved with external agencies and support from school offer.
7	Outcomes and progress of disadvantaged pupils are significantly below non-disadvantaged – education is a low priority for some of these families. Data analysis at the end of KS1 and KS2 and across school indicate that there is a significant gap between disadvantaged and non-disadvantaged children within reading, maths & writing.
8	Increased numbers of pupils with complex needs, including speech and language, social emotional and mental health, social interaction, poor basic communication, poor working memory, attention difficulties, motor skills, , in addition to being disadvantaged.
9.	School is located in an area of high deprivation Our school is located in an area of high social deprivation and this often results in a lack of wider experiences for our children. We are committed to providing these valuable opportunities. (see locality information) and this often results in a limited wider experience that our children have access to and lack of opportunities to join in enrichment opportunities.
10	Due to pandemic impacted progress and attainment pupils further behind in terms of reaching ARE in particular ks1 & EYFS – impacting also on poor mental health & well-being. The attainment and progress of many of our disadvantaged pupils has been impacted by partial school closures over recent years to a greater extent than for other pupils. These findings are supported by national studies. Poor mental health and wellbeing has been a significant impact of the COVID pandemic for all. This is particularly notable for our most disadvantaged children and their families. Poor mental health results in poor attendance, low aspirations and low academic outcomes. As a result, our pupils lack independence, resilience and confidence to access learning.
11	Reading is key : We are keen to develop reading for pleasure across the school. Research indicates that this has a significant impact on standards, particularly writing, across the curriculum. There is also research to suggest that reading for pleasure impacts positively and pupil wellbeing. This is not just for pupils but we are working hard to establish this with our parents.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improved oral language skills and vocabulary among disadvantaged pupils.	Assessments and observations indicate significantly improved oral language among disadvantaged pupils. The following of our broad, balanced, challenging and enriched curriculum enables the pupils to be exposed to and learn new vocabulary. This is evident when triangulated with other sources of evidence, including engagement in lessons, book trawls and ongoing formative assessment. Develop a vocabulary progression document which is explicitly linked to the curriculum LTP. The impact of this will be that the children will be confident and competent in using, understanding and applying key vocabulary.
Reading: Progress in Reading Improved reading attainment among disadvantaged pupils. – among disadvantaged pupils.	Achieve above national average progress scores in KS2 Reading. KS2 reading outcomes in 2024/25 show that more than 65% of disadvantaged pupils. Through quality first teaching and bespoke interventions ensure that gaps in learning are quickly identified and acted upon. The outcome will be rising attainment data for the children.
Mathematics Progress in Mathematics Improved maths attainment for disadvantaged pupils at the end of KS2.	Achieve above national average progress scores in KS2 Math. Through quality first teaching and bespoke interventions ensure that gaps in learning are quickly identified and acted upon. The impact being that we narrow the gap between the attainment of our groups meet the expected standard. KS2 maths outcomes in 2024/25 show that more
	than 65% of disadvantaged pupils meet the expected standard.
Writing Progress in Writing Improved writing attainment for disadvantaged pupils at the end of KS2	Achieve above national average progress scores in KS2 Writing. KS2 writing outcomes in 2024/25 show that more than 65% of disadvantaged pupils meet the expected standard. Through quality first teaching and bespoke interventions ensure that gaps in learning are quickly identified and acted upon. The impact being that we narrow the gap between the attainment of our groups meet the expected standard.
Phonics	Achieve above national average expected standard in PSC and for more than 65% of disadvantaged pupils to meet the expected standard.

Reception baseline	For reception cohort to achieve higher % ARE, than that in 2023-24 in all seven areas of learning.
To achieve and sustain improved wellbeing for all pupils in our school, particularly our disadvantaged pupils.	To continue to sustain high levels of wellbeing as demonstrated in 2023/24 demonstrated by: qualitative data from pupil voice, pupil and parent/carer surveys and teacher observations a significant increase in participation in enrichment activities, particularly among disadvantaged pupils. The school will provide a wellbeing offer that improves the children's strategies, esteem and resilience in school and home life. This will be evidenced in: - qualitative data from pupil voice, pupil and parent surveys and teacher observations, moodtracker a significant increase in participation in enrichment activities, particularly among disadvantaged pupils ELSA programme run by trained practitioners under the supervision of the Educational Psychologist and SENDCo
To achieve and sustain improved attendance for all pupils, particularly our disadvantaged pupils.	Ensure attendance of disadvantaged pupils is above 95%. Close the % attendance gap between disadvantaged pupils and their non-disadvantaged peers from 2023/24. Reduce the percentage of all pupils who are persistently absent will be more in line with the national % and the figure for disadvantaged pupils will be no more than 3-5% from pupils who are not PP. To give all pupils the best chance to be fully prepared and successful in their next stages of their learning. Through the implementation of effective systems and processes, ensure that all non-attendance is challenged and support given. The impact being that attendance for disadvantaged and vulnerable children is at/above the national averages and the school target of 95%.

Activity in this academic year

This details how we intend to spend our pupil premium funding **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ 267,510 (75%)

Activity	Evidence that supports this approach	Challenge number(s) ad- dressed
Speech and Language Support	Weak Language and Communication skills. Most children are working in the birth to three years age band and are unlikely to have the breadth of vocabulary that reflects their experiences on entry to Reception. In KS1and KS2, children are unlikely to use speech to connect ideas and explain what is happening coherently. https://educationendowmentfoundation.org.uk/education-evidence/early-years-toolkit/communication-and-language-approaches	1,2,6,7,8,10
TAs SEND	Higher than average numbers of children access SALT in Reception – 68% of disadvantaged children access and will either require small group support or 1:1 support from the school speech and language therapist.	1-11
Reception booster teacher	On entry to Reception, most children have low Language and Communication skills –90% of disadvantaged children are working in the birth to three years age band with 43% of disadvantaged children working significantly below in birth to three years age band. Due to a poor socio-economic and disadvantaged upbringing, children are unlikely to have the breadth of vocabulary, knowledge and skills required that 'typical' Reception children have. In KS1 and KS2, children are unlikely to use talk to connect ideas and explain what is happening coherently. Most children working within birth to three years age band on entry to Reception, despite making accelerated progress, do not meet the required end of year ELG's. .https://educationendowmentfoundation.org.uk/education-evidence/guidance-reports/teaching-assistants	
Additional/catch up teachers (per cohort Y1-6) – 3 teacher model	ARE and across the whole school the pupils require smaller group teaching to target and plug the gaps, which have been made even larger due to the pandemic. Hence, as much as possible we are facilitating a three-way split in each cohort. The additional teaching staff see progress accelerated in EYFS, KS1 and KS2 where disadvantaged children's results outperform 'others.' In order for MLT to be released weekly and for all subject leaders to be released once a term. Research from the EEF indicates	1-11

supported by professional development and training for staff. Build team of pastoral staff to deliver bespoke support to pupils. Pastoral team to include recruitment of attendance staff to work with and support families, thus raising attendance across the school.		
Creative and performance skills opportunity – External providers Specialist music teacher	All pupils are given the opportunity through a creative and performance skills and ensuring disadvantaged pupils access a rich and stimulating arts education. Every child has the right to learn to play an instrument, which we facilitate with providing each child in	1,3,4,5,6,7,9,10
35 weeks Music tuition – tutor	Y4 & Y5 with an instrument. Identified individuals that are A&T get the opportunity to excel and are put forward to achieve 'grade' status on an instrument. https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/arts-participation	
Extra – curricular perfor- mance clubs – progressive sports	Clubs across the academic year will facilitate a Diverse range of opportunities. https://educationendowmentfoundation.org.uk/educa- tion-evidence/teaching-learning-toolkit/physical-activ- ity	
Progressive sports coach targets the persistent absent pupils that have been identified using the FFT analysis tool – these will change half termly.	From the attendance analysis done, patterns can be seen on certain days of non- attenders. For e.g. particularly high % of PAs in the boys in Y4 & 6 on a Friday. Therefore, we are using an external provider to offer more appealing alternative extracurricular after school, lunchtime and G2BG time on a Friday to increase attendance. https://education-evidence/teaching-learning-toolkit/physical-activity	4

Targeted academic support (for example, tutoring, one-to-one support, structured interventions)

Budgeted cost: **£53,502.00**

Activity	Evidence that supports this approach:	Challenge num- ber(s) addressed
To utilise subsided funding for the National Funding Programme (NTP) to offer precision sessions for targeted pupils in Years 5 & 6 to minimise gaps in skills and knowledge caused by disruption of school closures during their key stage 3 curriculum and to widen the access to private/small group tutoring In 2023/24	Studies in England have shown that pupils eligible for free schools can be wells supported by provision of intensive, targeted academic support' Small group tuition-closing the disadvantage gap EEF (educationendow- mentfoundation.org.uk)	1,2,7,9,10
School led tutoring will be supported by a 25% contribution from school to enable school teachers to deliver catch up and recovery tuition across	 RWI groups and 1:1 interventions Reading and writing intervention groups Maths fluency intervention group https://educationendowmentfoundation.org.uk/educationevidence/teaching-learningtoolkit/small-group-tuition 	

KS1 and KS2. of	https://educationendowmentfoundation.org.uk/support-	
disadvantage pupils	forschools/making-a-differencewith-effective-tutoring	
Literacy intervention pro- grams and training such as Fresh Start, Acceler- ated Reader to support struggling readers	The EEF outlines that to improve literacy, different approaches for different groups of pupils is required to develop reading. Literacy EEF (educationendowmentfoundation.org.uk)	1,2,7,9,10
EYFS TAs SEND – 1:1 support	Higher than average numbers of children access SALT in Reception – 68% of disadvantaged children access and will either require small group support or 1:1 support from the school speech and language therapist.	1,2,3,5,6,7,8,9,10
School led tutors for Autumn 2, Spring and Summer. This will runover five half terms.	Summative data from July 2023 shows that we still have significant no. of pupils below ARE compared to national in KS1 and KS2. There is also a significant difference between performance non-PP and PP pupils. The 'headline' attainment measure at KS1 (percentage of children achieving at least the expected standard in Reading, Writing & Maths) indicates that the pandemic has still impacted. https://educationendowmentfoundation.org.uk/support-for-schools/making-a-difference-with-effective-tutoring	7,10
Easter school for Y6 Y6 Boosters tuition – school led	SATs catch-up Easter school. 5 tutors on a ratio of 1:12 Three times a week after school staff delivering booster sessions to targeted pupil PP, SEND, HA, PA groups to maximise progress and to improve % of these pupils achieving expected ARE.	3,4,6,8,10
Toe- by- toe targeted sessions will help to decode language for pupils with the lowest literacy levels by consolidating their understanding of spelling rules and syllable division. These will be used carefully to ensure they do not create a barrier to the inclusion of pupils	The schoolpyscyhologyservice.com reported the programme's impact as increasing normal progress in reading by 200% compared to a control group. https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/reading-comprehension-strategies https://toe-by-toe.co.uk/	1,7,9,10,11
FFT National Lightning speed – KS1 & reading intervention 2X6 week block KS1	FFT's Tutoring with the Lightning Squad has been approved as a Tuition Partner by the National Tutoring Programme to provide reading tutoring for primary school pupils in all regions in England. 60% of the tutoring cost is subsidised by the National Tutoring Programme with schools paying the remaining 40%. https://educationendowmentfounda-write-inc-phonics https://educationendowmentfounda-	1,2,7,9,10,11
	tion.org.uk/news/phonics-mastering-the-basics-ofread- ing	

Additional phonics Session in the afternoons, targeted at disadvantaged pupils who require further phonics support.	Targeted phonics interventions will take place and these are proven to be more effective when held for regular sessions over a period up to 2 terms. Phonics approaches have a strong evidence base indicating a positive impact on pupils, particularly from disadvantaged backgrounds. Small group tuition: Introducing targeted speech and language teaching for pupils who are below age-related expectations. Creating additional teaching and learning opportunities using TAs. https://educationendowmentfoundation.org.uk/projects-and-evaluation/projects/readwrite-inc-phonics https://educationendowmentfounda-tion.org.uk/news/phonics-mastering-the-basics-ofread-ing	1,2,7,9
Improve speech, language and communica- tion skills. Pupils identified and to one/ small group interven- tions		1,2,3,4,8,10
Times Table Rockstars	Our pupils are below in maths and timetables are instrumental to solving all problems in maths. Therefore, huge improvements in engagement since implementing Times Tables Rock Stars has been seen. Trying to be in the top 5% of schools in the country for is our challenge – it is an effective & essential part of learning and engagement.	2,6,7,9
EY Resourcing to meet the needs of the new EY Curriculum	Over recent years, about half of children in the reception cohort have achieved a Good Level of Development by the end of the Foundation Stage, and this is again the case in 2023, with exactly 55% achieving GLD. Foundation stage attainment is therefore, consistently well below national (65%). These figures reflect the fact that many children join Bloxwich with very low levels of development.	1,2,5,6,7,9
EYFS / KS1/KS2 Reading Books linked to RWI and Accelerated reader REAL PROJECT	An audit by the Reading Leads was undertaken in 2023 looking at the quality of reading books used in Phonics, Guided Reading and home reading books. An investment of new books to support the EEF research. https://educationendowmentfoundation.org.uk/education-evidence/guidance-reports/literacy-ks2 Raising early achievement in Literacy for nursery and early years. Building parents knowledge and confidence in creating a home learning environment that supports and encourages children's reading, writing and oral language. https://educationendowmentfoundation.org.uk/projects-and-evaluation/projects/the-real-programme https://guidebook.eif.org.uk/programme/raising-early-achievement-in-literacy	1,2,5,6,7,9,10,11

Testbase	Invaluable resource for teachers to use as a searchable bank containing over 12,500 SATs and other high-quality test questions and teaching resources for KS1-KS2 all mapped to the national curriculum. Testbase is also a very informative assessment tool for teachers to use to identify and plug the gaps to use in lessons and booster sessions. https://www.testbase.co.uk/	7,9,10,11
To provide a blend of tuition, mentoring and school led tutoring for pupils whose education has been most impacted by the pandemic.	Tuition targeted at specific needs and knowledge gaps to support low attaining pupils or those falling be-hind, both one-to-one and in small groups. TAs and other staff will be deployed to provide extra support and intervention groups for targeted pupils:	1-11

Interventions Timetable 2024-25

Year group	Autumn	Spring	Summer

Breakfast Programme.	Food deprivation is high in Bloxwich and even more so since the Pandemic and parents are very reliant on donated food, which kept them going through lockdown which kept spirits high on the estate as nobody went hungry. Research shows hungry children do not perform as well. It is important for pupils to start the day with a nutritious breakfast. We are in our second as school in the NCB programme. We will receive a 75% subsidy for breakfast club provision until the end of July 2024. The subsidy by the school is paying 25%. All pupils in our	3,4,5,6,9,10

Breakfast coordinator appointed to run wrap around breakfast club

To ensure equality and inclusion for all pupils to all school activities including breakfast club and school visits.

school are offered breakfast bagel or cereals at no cost to them or their parents.

Breakfast club set up - Evidence shows that providing a healthy school breakfast at the start of the school day can contribute to improved readiness to learn, increased concentration, and improved wellbeing and behaviour. Breakfast clubs are available to help support the attendance of pupils who are persistently absent.

Readiness to learn: Children are supplied with a nutritious breakfast and exercise before school. Breakfast club co-ordinator and PE teacher facilitate daily breakfast clubs where pupils can access healthy food and a range of activities prior to school starting. (free to PP pupils). All KS1&2 children will have daily access to free breakfast and snacks at break (bagels,

cereal, fruit and veg). Pupils given opportunity to come into school from 7.45a.m.

It also gives and added incentive to get pupils into school and help alleviate the attendance issues around lateness.

Good quality wraparound childcare has a positive impact on children's outcomes. 12. Research by NatCen shows that participating in organised sports and joining after school clubs can help to improve primary school children's academic performance and social skills. https://assets.publishing.service.gov.uk/me-dia/5c668c50e5274a72c19f7c50/Rights to re-

quest guidance-2019.pdf

AHT Behaviour To lead the nurture and Behaviour programmes in school / to stop issues before they start. To embed and enhance the school wide philosophy around behaviour and attitudes. AHT Behaviour monitor consistency of policv in practice.

With the additional increase in Social Service involvement, it is essential that we know our children and can spot triggers, which will affect learning.

More frequent behaviour difficulties meaning PP pupils are more likely to be placed on RED which impacts on their academic progress. However, existing interventions have had an impact on behaviour incidents and have been PP 20% compared to 11% This is an improvement on the previous year's figures.

How will the school measure the impact of Pupil Premium Funding?

- Early Identification and Monitoring FFT & SIMs assessment tools are used by class teachers & SLT to measure attainment and progress at termly intervals through the year. Standardised testing is completed three times a year using the NGRT materials. These standardised tests are used to support teachers to make an accurate assessment based on their professional standards The diagnostic assessments (e.g., phonics screening, baseline assessments, or GL Assessments) to identify gaps in knowledge and skills early.
- Data tracking systems are set up to monitor progress for PP and non-PP pupils.
- Half termly pupil progress meetings to review interventions and adjust strategies. If
 assessments show lower literacy skills among PP pupils, provide targeted phonics
 interventions immediately. Pupil Progress meetings are held between class teachers and SLT to monitor impact and identify any concerns to be addressed every half
 term.
- Results of these are recorded using school tracking systems and reported to the Trust using FFT analysis ad SIMs.
- All teachers are responsible for tracking the progress of all vulnerable groups, including Pupil Premium, SEND and EAL. This information is then collated and monitored by SLT. This information is then collated and presented at termly pupil progress meetings led by SLT.
- Attendance data is collected and monitored by the Attendance Officer & AHT's. Attendance data is collected and monitored by the Attendance Officer & SLT. This is presented weekly and discussed with the Headteacher. This is analysed for all subgroups and compared to national and previous school data.
- When selecting pupils for intervention groups and support, this will not be limited to children who are in receipt of Pupil Premium funding, but will include other pupils who have similar needs, and who we believe will benefit from the support / intervention. All intervention groups are designed in conjunction with class teachers, year leads and SLT
- This is not limited only to children who are in receipt of Pupil Premium funding, but
 will include other pupils who have similar needs, and who we believe are vulnerable
 and will benefit from the support / intervention. Data is used to identify which children
 will benefit.
- Pupil Premium funding and its impact is a regular agenda item for the Parent Advisory Forum and Trust board meetings.
- The progress and attainment of pupil premium pupils is a key focus at every data and assessment meeting held by SLT half termly. Pupil Premium funding and its impact is a regular agenda item for the Trust Board meetings.

Designated staff member in charge of Pupil Premium: Sue Shepherd (Head Teacher)

Monitoring, assessment and tracking: SLT - Caroline Snape (Deputy Head), Kate Martin (AHT Inclusion & SEND), Nic Stubbs (AHT EYFS), Sam Hatton (AHT Behaviour & PD) and Extended Leadership Team. Part B: Review of last academic year: Other pupil evaluations have also been undertaken during the 2023 to 2024 academic year, and we have taken these into account when evaluating our strategy. Some of the strategies used were successful and will continue in 2024/25 strategy planning.

Outcomes for disadvantaged pupils 2023-24

Intended outcome 2023-24	Success criteria	Impact / outcome 2024
Improved oral language skills and vocabulary among disadvantaged pupils.	Assessments and observations indicate significantly improved oral language among disadvantaged pupils. The following of our broad, balanced, challenging and enriched curriculum enables the pupils to be exposed to and learn new vocabulary. This is evident when triangulated with other sources of evidence, including engagement in lessons, book trawls and ongoing formative assessment. Vocabulary is improved for disadvantaged pupils and a widening range of vocabulary is becoming more evident in spoken words and written form.	Our children are complemented on their confidence with adults who visit us and their ability to converse at ease. Y1 Phonics results in s small cohort of 49 with 32/49 children being PP. Phonics results have decreased by 5% for disadvantaged pupils from 2023 (2022-58% to 2023 – 73.6%, 2024 – 68%). In 2024 disadvantaged pupils out-performed non-disadvantaged pupils (28%) by 40%. Rapid phonics interventions raised standards from 41% to 61% and further targeted interventions ensured that 34 children passed giving 72% overall.
Phonics	pected standard in PSC and for more than 65% of disadvantaged pupils to meet the expected standard.	Whole cohort 2023/24: 32/49 PP pupils 68% met the expected standard beating national by 1% - National 67% Non-disadvantaged: 13/15 passed = 87% beating national of 83% by 4%.

Deading		Λ ala: a a	ahawa mattamal awan		KCO CAT	0.0004 =====!:==:==:=	
Reading: Progress in Reading Improved reading atta among disadvantage		Achieve above national average progress scores in KS2 Reading. KS2 reading outcomes in 2023/24 show that more than 65% of disadvantaged pupils. Through quality first teaching and bespoke interventions ensure that gaps in learning are quickly identified and acted upon. The outcome will be rising attainment data for the children.			KS2 SATS 2024 reading outcomes for disadvantaged pupils: EXS – 79%, GDS 28% (compared with National disadvantaged 62 per cent pupils met the expected standard and 79 per cent of non-disadvantaged pupils: Our disadvantaged pupils in reading achieved higher than national and equal to that of non-disadvantaged in reading.		
Mathematics Progress in Mathema Improved maths attai disadvantaged pupils at the end of K	inment for	gress scores in KS2 Math. Through quality first teaching and bespoke interventions ensure that gaps in learning are quickly identified and acted upon. The impact being that we narrow the gap between the attainment of our groups meet the expected standard.KS2 maths outcomes in			KS2 SATS maths outcomes in 2023/24 for disadvantaged pupils: EXS –72 %, GDS - 15% (compared with National Disadvantaged: EXS – 60%) Our non-disadvantaged pupils exceeding expected nationally and locally. With non-disadvantaged GDS pupils exceeding national GDS disadvantaged.		
Writing Progress in Writing Improved writing atta disadvantaged pupils at the end of K		progres writing of show th taged prard. Thr bespoke in learni acted up	above national average as scores in KS2 Writion to a scores in KS2 Writion to a score in KS2 Wri	KS2 SATS writing outcomes in 2023/24 for disadvantaged purpils: EXS –65%, GDS – 22% compared with National: EXS – 58.3% and GDS – 6.6%). Our disadvantaged pupils have exceeded national at both expected and GDS standard in writing. Compared to LA they are 1% below. However exceed in GDS standard.			
Year 6	Whole s	chool	National	Р	P	Non-PP	
No. of PP pupils: 39/59			Y6 2023-24 AI	ment			
R W M (Comb)	M (Comb) 63%		61% 54		! %	75%	
R 80%		6 74% 79		9%	80%		
W	W 78% M 80%		72%	69	9%	95%	
М			73%	3% 72		95%	

As the data shows there is still a lot of work to be done around closing the gap in particular in writing in school. On a positive the gap between our PP and the national data is far healthier and in reading we PP beat national, only 3% off in writing and 1% off in maths. As a school we have to continue to work hard on closing down the gap between our non-pp and pp children on terms of attainment.

National picture 2023-24	Bloxwich Academy Primary 2023-24
In 2024, 27% of pupils at the end of key stage 2 were considered disadvantaged	At Bloxwich Academy at the end of KS2, 60% pupils were considered disadvantaged, 33% higher than national.
Nationally in reading, writing and maths (combined), 46% of disadvantaged pupils met the expected standard in 2024, compared to 67% of other pupils, a difference of 22 percentage points. This is a same 22 percentage points in 2023. The attainment gap between disadvantaged pupils in Year 6 and their more affluent peers has narrowed but is still bigger than it was before the pandemic.	At Bloxwich Academy Primary, 54% disadvantaged met the combined in reading, writing and maths, 9% higher than national.
Nationally pupils performed best at reading - 62 per cent of disadvantaged pupils met the expected standard and 79 per cent of non-disadvantaged pupils.	At Bloxwich Primary attainment in reading has remained constant with disadvantaged achieving 79% out outperforming national disadvantaged by 17%. Our non-disadvantaged also outperformed national by 1% - 80%
Nationally lowest figures were in writing, with 58 per cent of disadvantaged pupils meeting the standard, and 78 per cent of their more affluent peers.	Bloxwich in writing the gap in still remains and is a priority in this year's strategy in 2023-24 disadvantaged 69% of 39/59 got EXS+ and non-disadvantaged 95% of 20/59 got EXS+. However, in GDS 10% of PP achieved EXS+ compare to 5% of non-PP peers.
Nationally in maths, with 60% per cent of disadvantaged pupils meeting the standard, and 80% per cent of their more affluent peers.	At Bloxwich Primary attainment in maths has remained constant with disadvantaged achieving 72% out outperforming national disadvantaged by 12%. Our non-disadvantaged also outperformed national by 15% - 95%

Reception baseline

To achieve higher GLD baseline into reception – higher exit levels from nursery.

Nursery provision capacity increased, teaching with a qualified teacher increasing the entry levels into reception. Our catchment area is historically always below national. Due to extra provision and intense provision provide the % of 7 ELG will increase and prepare improve the chances of achieving GLD in reception.

ELG results (below) show the strategies are working and the exit of ELG achieved from nursery has increased from in all % from the intake over the last 3 years and from 2023 all areas over the academic year intake 2024 have increased, except in PD where this is an area where we are applying further interventions to address this.

Reception intake ARE % Seven ELG

	CL	PD	PSED	L	M	UW	EAD

Improved GLD attainment of of Reception.

Reception outcomes in 2023/24 show disadvantaged pupils at the end more than 65%+ of disadvantaged pupils achieved GLD.

Whole school GLD outcomes for all pupils 2023-24 was 71% (National 67%; Compared to 2022-23 of 70% (National 67%; LA 64%). As a school an increase of 1% in one academic year and 4% above national.

Disadvantaged pupils in 2023-24: 62% an increase of 3% from year before (compared with National disadvantaged 67.0%; The gap between disadvantaged and national has decreased from 8% to 5%. As shown in the table below:

Number of % of EYFS achieving Number of PP % of EYFS PP National Difference Walsall LA Year school and children GLD children achieving GLD Average national 2022 28/51 55% 13/25 52% 65% -10% 59% 2023 37/53 17/29 70% 59% 67 3% 64% 2024 40/56 71% 16/26 62% 67% 5% n/a

To achieve and sustain improved wellbeing for all pupils in our school, particularly our disadvantaged pupils.

To continue to sustain high levels of wellbeing as demonstrated in 2022/23 demonstrated by: qualitative data from pupil voice, pupil and parent/carer surveys

and teacher observations a significant increase in participation in enrichment activities, particularly among disadvantaged

pupils.

The school will provide a wellbeing offer that improves the children's strategies, esteem and resilience in school and home life.

This will be evidenced in:

- qualitative data from pupil voice, pupil and parent surveys and teacher observations, moodtracker.
- a significant increase in participation in enrichment activities, particularly among disadvantaged pupils.

145 parents/carers (78 from disadvantaged families) responded to a parent survey in Spring 2024: 97% either agreed or strongly agreed that their child is happy at Bloxwich Academy Primary- 97% either agreed or strongly agreed that Bloxwich Primary encourages a healthy lifestyle, including a focus on mental health and wellbeing.

Use of mood tracker has signposted families and areas of need requiring intervention.

Support mechanisms in place for pupils which have identified and targeted issues early reducing stress & anxiety. Improved attendance and reduction in behaviour incidents.

To achieve and sustain improved attendance for all pupils, particularly our disadvantaged pupils.

Ensure attendance of disadvantaged pupils is above 95%. Close the % attendance gap between disadvantaged pupils and their non- disadvantaged peers from 2023/24. Reduce the percentage of all pupils who are persistently absent will be more in line with the disadvantaged pupils' national % and the figure for disadvantaged pupils will be no more than 3-5% from pupils who are not PP. To give all pupils the best chance to be fully prepared and successful in their next stages of their learning. Through the implementation of effective systems and processes, ensure that all non-attendance is challenged and support given. The impact being that attendance for disadvantaged and vulnerable children is at/above the national averages and the school target of 95%.

Whole school attendance for 2023-24 was 93% compared to 91.9% in 2022-23 an increase of 1.1%

2023/24 attendance Y1 to Y6 attendance: 92.2% compared to National 91.8%(FFT comparable) above national by 0.4%.

Y1 to Y6 non-disadvantaged pupils' 2023-24 attendance was 94.4% National 95.2%. There is 2.2% gap between non-disadvantaged and disadvantaged this shows that the gap has decreased 0.2% improvement on previous year.

Whole school pupils N to Y6 considered to be persistently absent in 2023/24, was recorded as 20.8% and National 16%. PAs have decreased from 2022-23 by 4% which as a school we were

	24.8% and national 19%. The gap between PA between National & school has improved by 1%.
	These strategies will be continued into the next academic year 2024-25.

Internal assessments during 2023/24 Y1-5

This suggests that the performance of disadvantaged pupils is improving on previous years for attainment in key areas of the curriculum, especially in the core subjects. With targeted support, using analysis of diagnostic assessments (supported by the Local Authority), the outcomes for which we aimed to achieve for pupil attainment in our current strategy are starting to be realised. This is evident in the attainment of our disadvantaged pupils in Y1 to Y6, specifically in reading and maths in summer 2024 end line local authority assessment, which shows the gap between disadvantaged pupils and all pupils is diminishing as they journey through the school:

Attainment 20)23-24						
			g	Writing		Maths	
		EXS+	GDS	EXS+	GDS	EXS+	GDS
Year 1 49	Pupil Premium 32	72%	6%	56%	0%	66%	0%
	Non-Pupil Premium	53%	6%	47%	0%	65%	12%
Year 2 60	Pupil Premium 34	71%	12%	74%	6%	74%	6%
	Non-Pupil Premium	73%	27%	81%	19%	77%	19%
