Bloxwich Academy
www.bloxwichacademy.co.uk

Dear Parent/Carer

We would like to inform you about Kay Science, a website and app that provides excellent revision resources and homework activities for KS3 and GCSE science.

To support learning in science, every Bloxwich Academy pupil has been granted access to Kay Science with their own personalised account. Through this, their Science Teacher(s) can set homework activities, but pupils can also access any science topic to complete their own independent revision. It is a fantastic resource to support all our pupils to excel in science, whether they are in KS3 or preparing for their exams. Kay Science includes the following features:

- Tuition videos with a science teacher modelling and explaining all science topics
- Quiz questions, with pupils' answers automatically marked
- Exam-style practise questions
- GCSE past paper booklets and answers
- Flash cards for retrieval practice

Pupils can access the website via www.kayscience.com, or they can download the Kay Science app for their phone (please see below for the relevant QR codes).

Pupils' login information is their full name followed by the number '6130'. When pupils log in for the first time, their password will be the same as their username. Please see below for a couple of examples:

Username: amysmith6130	Username: amysmith-jones6130
Username: amysmith6130	Username: amysmith-jones6130

Pupils can speak to their science teacher(s), should they need any support accessing their account, or in using the website.

Many pupils have already made a fantastic effort on Kay Science, and we look forward to more pupils making the most of this opportunity. There will be departmental rewards for those engaging with us and using the platform the most.

Yours sincerely

PP
