Dear Parents and Carers,

**Bloxwich Academy**  
'Be The Best You Can Be'

We are pleased to inform you that our school uses the **Reach More Parents (RMP) app** as our main method of communication with families.

The RMP app allows us to share important information quickly and securely, helping you to stay up to date with everything happening at school.

**What you can use the app for:**

- Reading **school news and class updates**
- Receiving **messages from teachers and the school office**
- Viewing **notices**
- Payments Option will **redirect you to ParentPay** to pay for trips, dinners, etc
- Checking your child's **attendance and register information**

You will also receive notifications when new messages or updates are posted, ensuring you don't miss any important information.

We have attached **example screenshots** to this letter to help you become familiar with how the app looks and how information is displayed, including:

- The **Newsfeed**, where school posts and updates appear
- The **Messages inbox**, where direct messages are sent
- The **menu options**, such as Notices and Payments

**Getting started**

If you have not yet downloaded the app, please search for "**Reach More Parents**" in the App Store or Google Play Store. Once installed, log in using the email address registered with the school.

If you experience any difficulties accessing the app or updating your details, please contact the school office and we will be happy to help.

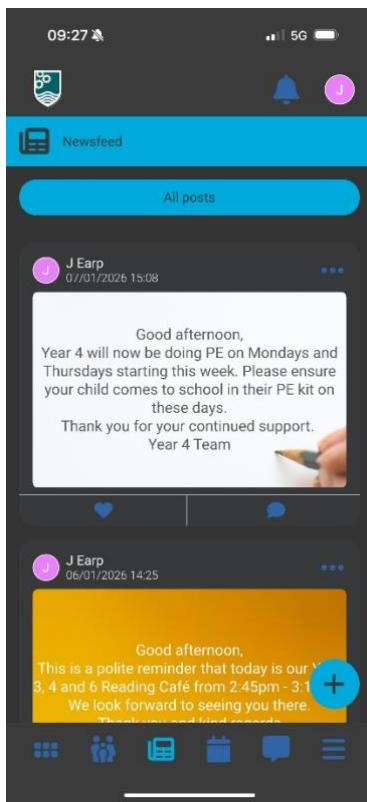

Thank you for your continued support in helping us communicate effectively with our school community.

Kind regards,  
**The School Team**

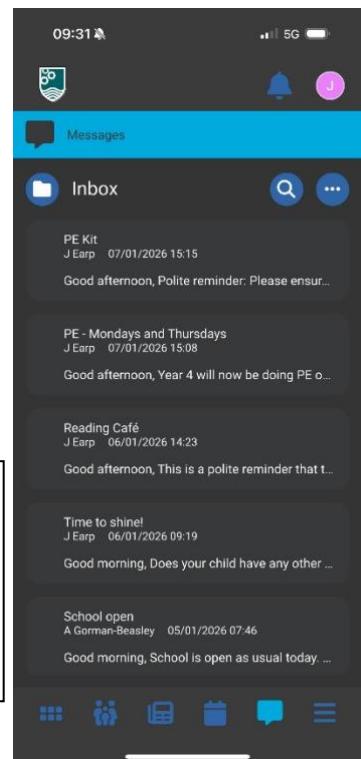

Yours sincerely
